Who we are:

ARTAŞ Group, which was established in 1977 by Süleyman Çetinsaya, has more than 40 years of knowledge and experience in the construction industry. The Group operates in real estate, retail, and tourism sectors.

It has been one of the branding pioneers in the housing market through its brand "Avrupa Konutları". The company has produced and delivered a total of 21.100 houses with both Avrupa Konutları and other brands created by joint ventures.

Avrupa Konutları is just beside Vadistanbul with its new project Saklıvadi!

Artaş İnşaat ; one of the developers of Vadistanbul which has made the Ayazağa – Arıcılar region into an attraction center, is now offering Avrupa Konutları Saklıvadi at the same point as a new life area.

Project that will make its investor's face smile by its offices and residences, also will host its guests in the best manner by its apart hotel.
