About Us

Vision, Mission and About HUbooking

hubooking.com is a web based B2B (*business to business*) On-line Packages Booking platform that connects different profile of users through a single code database so that they are always connected and communicate online to plan all kinds of touristic travel packages.

hubooking.com`s system provides an online directory for foreign (*external*) agents to access all local services provided by hotels, transportation companies and local agencies. Therefore, they can pair up with local agencies to search and book all travel services for their clients and create travel packages securely.

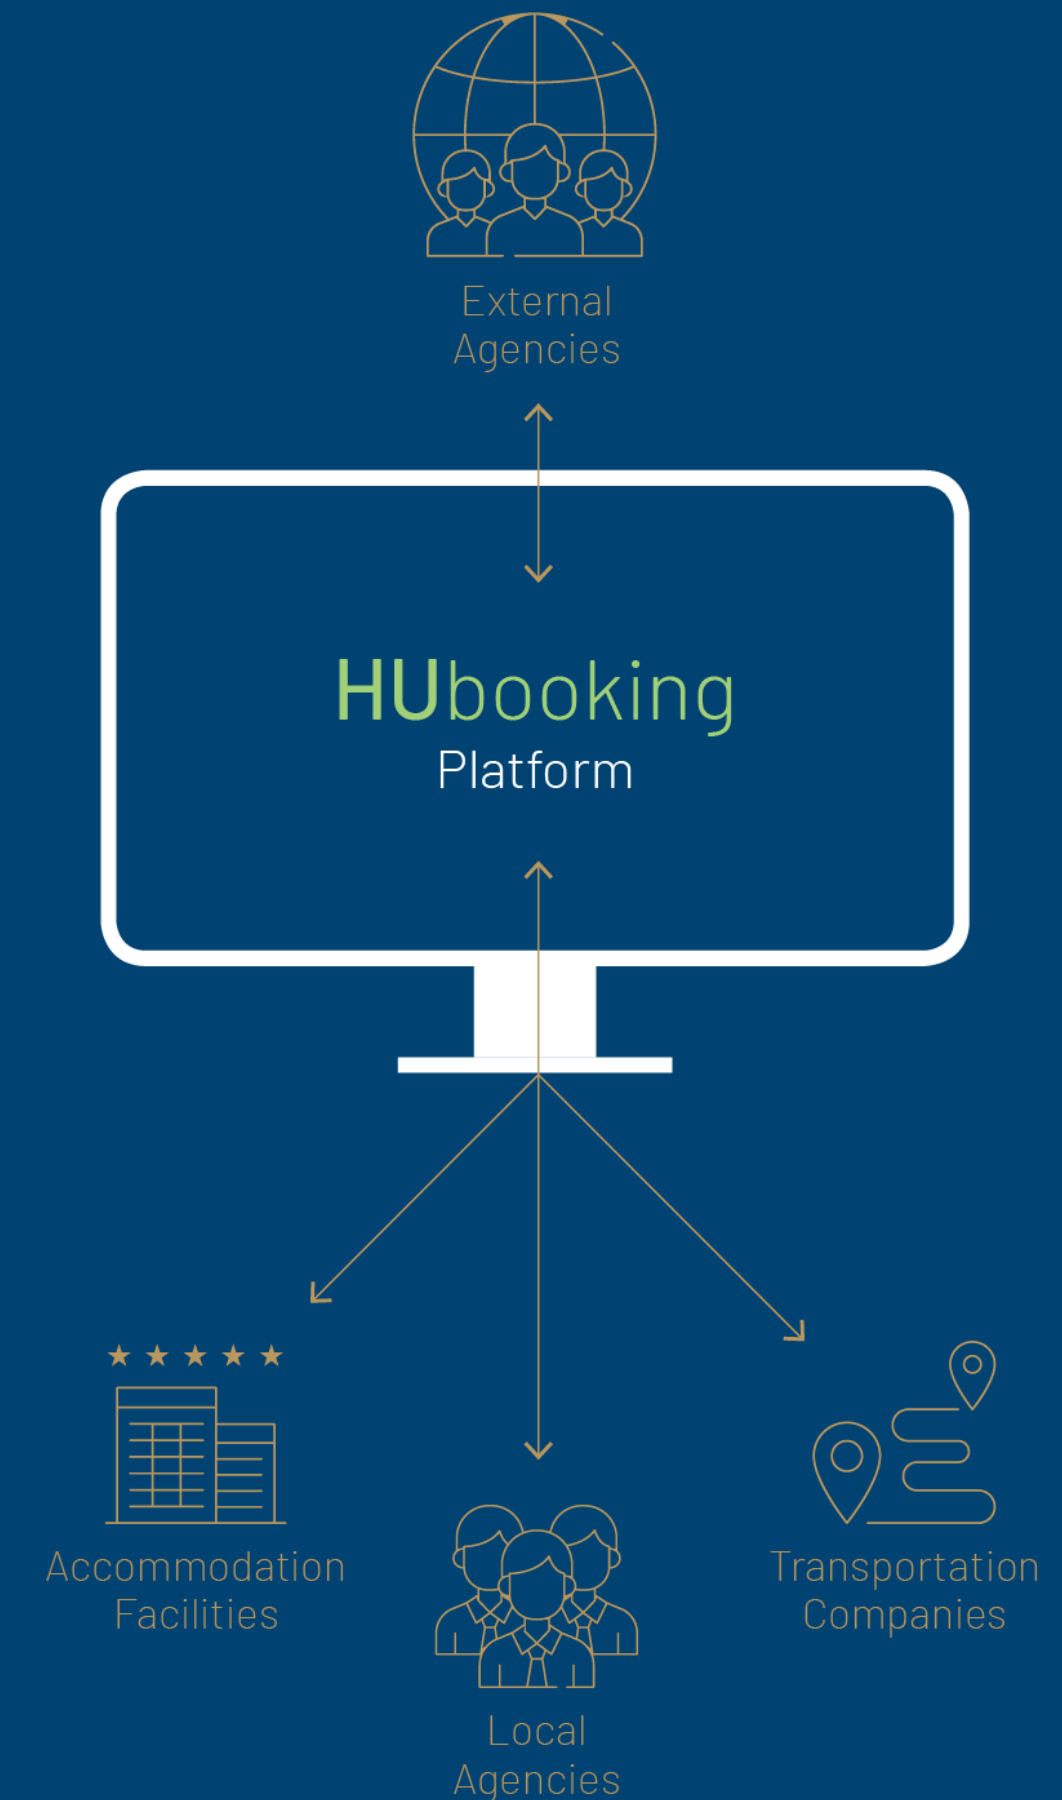

About Us

Vision, Mission and About hubooking

Vision

hubooking.com, established in 2017, has a vision to inspire and change the future of travel and tourism by providing a comprehensive information base and applying all the international quality standards while empowering hotels, different transportation companies (ground, air and sea) and licensed agencies to reach their full potential as well as providing an ideal, consistent and unforgettable experience for the traveler.

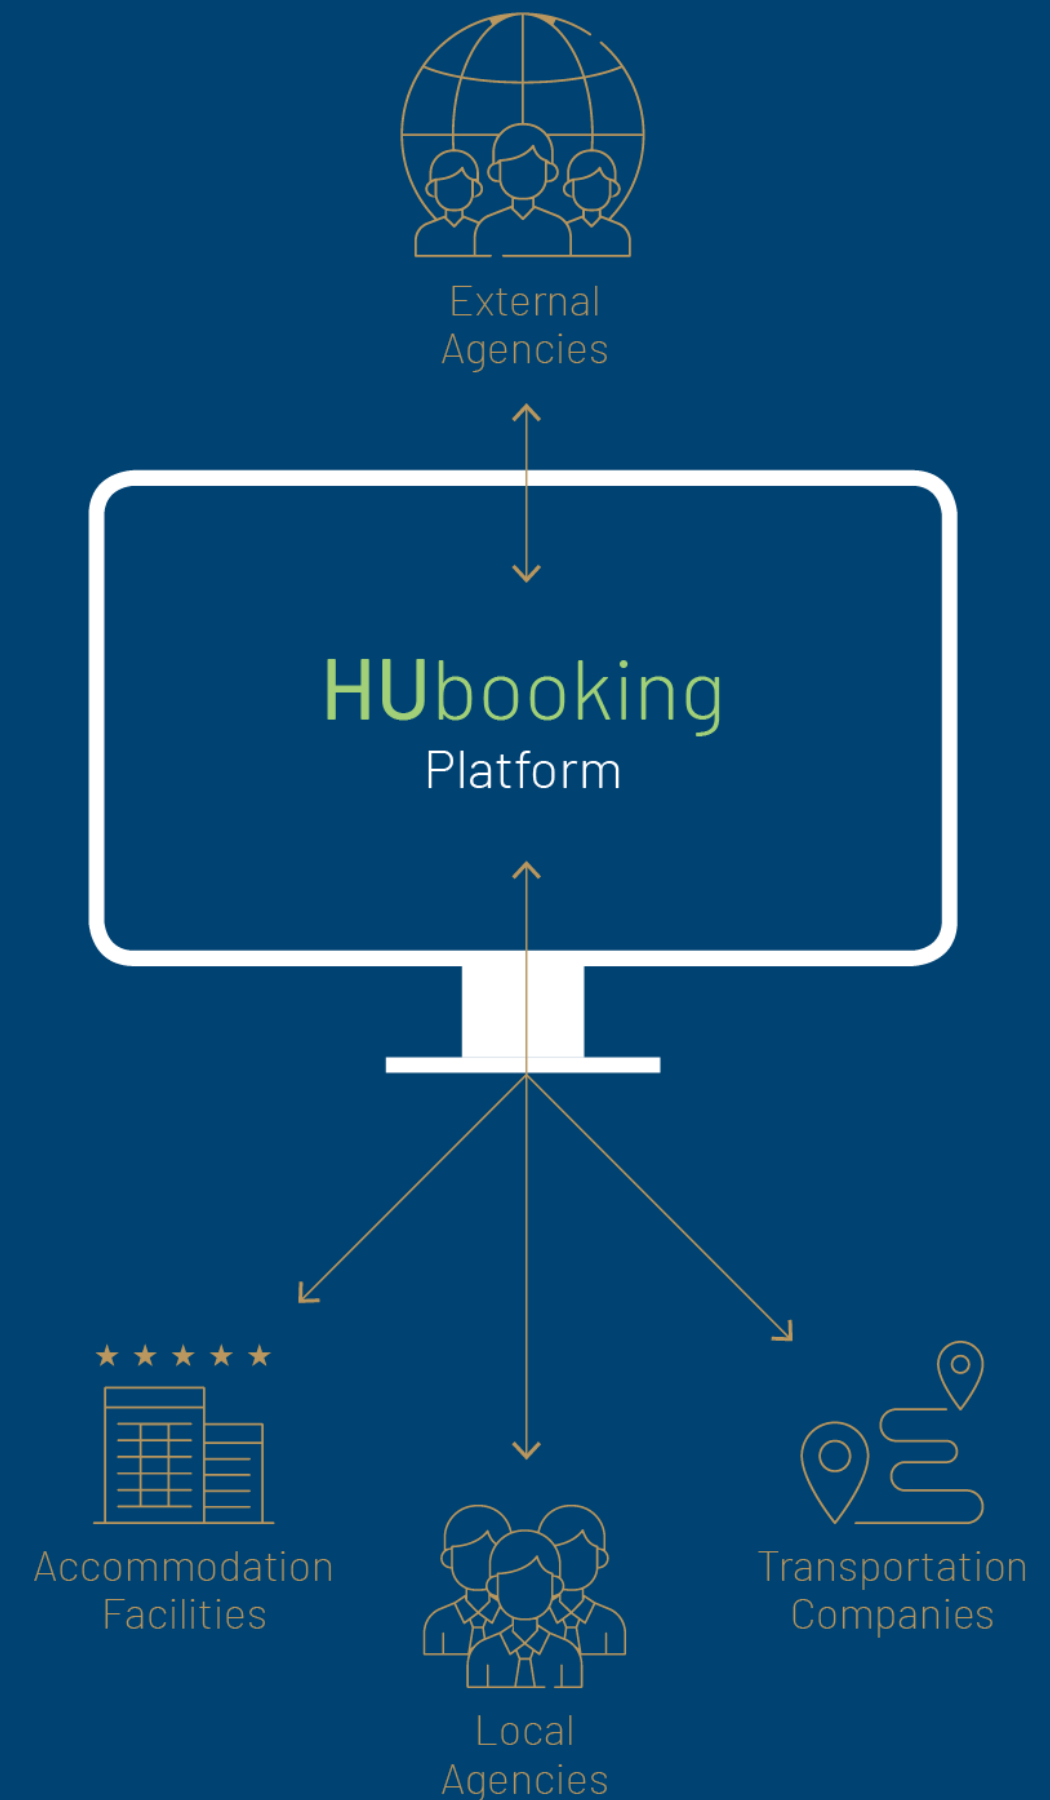

About Us

Vision, Mission and About hubooking

Mission

As hubooking.com, we carry a mission to provide a state of the art, high performance, secure and stable platform that allows all parties involved to collaborate, communicate and execute seamlessly over our multilingual web and mobile apps.
